Synopsis of the Movie

In a London hospital, Deckard Shaw visits his brother, Owen (Luke Evans), who is recovering from his encounter with Dominic Toretto and his crew. Reminiscing about their youth, Deckard promises his brother to set things right. He threatens the doctoral staff with harm if anything goes wrong with his brother. He leaves the hospital in ruin, with a trail of dead soldiers in his wake, having already ruined it breaking in.

In the Californian desert, Dominic is attempting to wake the memories of an amnesiac Letty Ortiz by taking her to Race Wars, their "invention". When she wins a race against an inexperienced racer, she recalls a series of her fragmented memories. She punches Hector (the Race Wars organizer and a friend of Dom and Letty) and leaves.

When Dominic finds her, she is standing at her grave. She laments the fact that she cannot remember the last fifteen years of her life. She tells Dom that the way he looks at her bothers her and she cannot remember him nor properly reciprocate his feelings. When Dominic attempts to destroy the tombstone on her empty grave, she stops him and tells him that she has to leave him to find herself.

Elsewhere, Brian O'Conner is adjusting to the "slow" routines, driving a minivan to bring his son Jack to school.

In Los Angeles, Luke Hobbs is working at the DSS office after a workout. Although he misses the exciting past, he tries to hide this from Elena Neves. She replies that he's not a good liar. After giving Elena a recommendation, Hobbs returns

to his office to find that Deckard has broken into his office and is hacking his computer. Hobbs attempts to stop Deckard from escaping, but he reveals his true purpose, and the two engage in a fight in the office until Elena returns to the office to help Hobbs. Deckard uses Elena's arrival to his advantage and throws an explosive that forces Hobbs to abandon his pursuit and escape the building. The explosive detonates as he grabs Elena and knocks them out of the building's window, causing them to land on Elena's car. Hobbs is injured in the process of saving Elena and Deckard retrieves information on Han Seoul-Oh and Dominic Toretto's crew.

Traveling to Tokyo, Japan, Deckard is able to track Han down during his bid to escape from Takashi and runs his car off the road with his own. Back in Los Angeles, Brian and Mia Toretto are preparing to take Jack out when Mia announces that Dominic has a package from Tokyo. Dominic and Mia discuss Brian's difficulties with adjusting a life without "bullets" and Mia shares her fears about being unable to fulfill the kind the life Brian wants. Dominic reassures his sister that Brian merely needs time to fully transition, but she asks him "How does nine months sound?" and reveals that she is pregnant again. After convincing Mia to tell Brian, Dom receives a call from Deckard Shaw in Tokyo. The older Shaw sibling announces his presence to the family. Dominic realizes, too late, the package is from Deckard and is barely able to get himself and Mia out of the way before package detonates and destroys their home.

Dominic visits an injured Hobbs in the hospital after Elena contacts him on the DSS agent's request. He meets briefly, Hobbs's daughter, Samantha. When she meets him, she tells Dom about his and her father's last encounter. She is then escorted from the hospital room by Elena and is watching over her in Hobbs's stead. Hobbs explains Deckard's relation to Owen Shaw and history: he started off as an off-the-books Black Ops agent, but six years ago, the British government believed that he knew too much

and had gone from a "unique asset" to a liability. Subsequently, 20 agents made a failed attempt on Shaw's life and he has been a "ghost" since then. Officially, Hobbs dissuades Dominic from going after him. Unofficially, Hobbs merely asks that Dominic doesn't miss when he gets the chance to kill him. Meanwhile, after retreating to Mando's mansion in the Dominican Republic, Brian promises Mia that they won't battle any other enemies after defeating Shaw.

Traveling to Tokyo, Dominic gets the chance to speak with Han's friend, Sean Boswell (Tokyo's latest Drift King following the defeat of Takashi), whom he races against. Following their race, Sean gives Dominic what remained of Han's belongings that were saved from the crash, including Dom's cross necklace and a photo of Gisele. Dominic later leaves with Han's remains and buries him in Los Angeles with the promise to see that he is avenged. At the funeral, Tej Parker and Roman Pearce speak with Brian on who could be hunting them and the refusal to attend the funerals of any more friends. Brian promises the only funeral left to attend will be Deckard's.

Dominic realizes that the former operative is watching them and chases Deckard through Los Angeles into the tunnel where the two stare each other down. In a game of chicken, they charge each other's vehicles and crash into each other. Dominic is prepared to fight Deckard, but the elder Shaw makes it a point to shoot him where he stands when the arrival of a Covert Ops team forces him to run. Dominic attacks the men when they threaten him, but the man in charge tries to get him to see reason and states that he was referred to Dominic by Hobbs. The only name he provides Dominic is "Mr. Nobody" and asks that he hear his proposal out.

Mr. Nobody takes Dominic to his secluded headquarters in El Segundo, California, where they exchange beer and he explains his proposition to Dominic. If he helps him save a hacker named Ramsey from a terrorist named Mose Jakande and

retrieves a hacking program named the “God’s Eye”, he’ll allow Dominic to use it to find Deckard Shaw. Mr. Nobody calls Shaw a "shadow" who is very good at killing some without being seen by others, and can only be found by God's Eye. Dominic agrees to the terms if Mr. Nobody allows him to do things his way and with his own crew. Mr. Nobody obliges his request and reveals that he had Dominic’s crew rounded up and brought to his headquarters beforehand.

Dominic and the others devise a plan to attack Jakande’s convoy from the air as they arrive in the Caucasus Mountains. Roman demands that they hit the convoy from the most secure spot on the mountain, despite it being very hard to access, believing it's the spot the convoy doesn't expect the crew to hit them from. The crew is able to save Ramsey from her imprisonment, but not before encountering Deckard, who attempts to derail their rescue attempt. Dominic is cornered by Jakande’s secondary convoy and is forced to drive off of a cliff in order to save himself and Ramsey from the terrorist. The reinforced Dodge Charger R/T he uses saves them both from a certain death. Meanwhile, Brian gets trapped in the convoy by Jakande's henchman, Kiet, forcing him to escape via an emergency door as the vehicle slides off another cliff, but Letty saves him in the nick of time.

When Ramsey regains consciousness, she willingly divulges the location of the God’s Eye to the crew because she feels she has found out enough about them to trust them. They travel to Abu Dhabi and meet up with Ramsey’s friend, Safar, who explains he sold the God Eye (unwittingly) to a rich Prince who is holding a major party in one of the Etihad Towers. The crew infiltrates the party, and despite major complications --- their cover being blown by Kara, the toughest of the Prince’s bodyguards, and the unexpected arrival of Deckard Shaw --- they are able to retrieve the God’s Eye (a compact USB drive) from the Lykan Hyper Sport. Toretto and Brian use the

HyperSport to get out by driving through the windows of the Etihad Towers, one tower to the next.

With the God's Eye secure, Dominic, Mr. Nobody, Brian and Ramsey use it to hunt Deckard down to an abandoned factory where they find him eating. Deckard expresses disappointment in the number of men who've come for him, and reveals he's joined forces with Jakande, who is looking to reclaim the God's Eye. Deckard's unexpected ambush results in the death of Mr. Nobody's right hand man, Sheppard and the loss of the God's Eye.

Dominic and Brian carry an injured Mr. Nobody out of the factory and escape. Mr. Nobody demands that they pull over and leave him on the side of the road where his emergency team will collect him for medical attention. The two leave Mr. Nobody behind and return to the others.

The crew decide to return to Los Angeles to face Deckard and Jakande on the streets they know better than any other streets, which will reduce Jakande's advantage over them. Tej devises a dangerous plan that allows them to get near enough to the God's Eye to hack and regain control of it. Brian calls Mia, telling her to take Jack and move on if she doesn't hear from him in 24 hours, but she reveals her pregnancy and orders him to survive and come back to her.

The crew ushers Ramsey between vehicles whenever they are attacked by an unmanned Drone that Jakande is using to attack them. The drone chase ended up alerting the police, but Brian, Roman and Tej are able to avoid them due to the drone attacking them. Realizing that they're being hacked, Jakande destroys the radio tower that allows Ramsey to connect to her device, pausing the hack. After his car is destroyed, Brian heads off on foot to a satellite tower to reconnect Ramsey by hand and finish the job, with Kiet in pursuit to stop him. Brian faces off with Kiet in the

building with closet available tower connection and is only barely able to defeat him, using a revenge allusion to the result of their previous encounter. Also learning that Ramsey is still with the crew, Tej and Roman's car is destroyed but they bail out. He reconnects Ramsey to the God's Eye and she is able to take control.

At a parking garage elsewhere, Dominic goes head-to-head with Shaw in a traditional "street fight" with wrenches, after using his Dodge Charger to destroy Shaw's Aston Martin. Hobbs is still in the hospital and after having witnessed the destruction of the tower he leaves the hospital with the intention of helping Toretto and his crew. Hobbs drives and ambulance arrives in time to save Letty and Ramsey, in the final car able to help Ramsey complete her hack into her device, from the drone before it can kill them. Hobbs then shoots the drone and takes the gun to help fight with the crew. Dominic is able to defeat Deckard, remarking "The thing about street fights? The street always wins," in time to save Hobbs, Ramsey and Letty from Jakande who tries to kill them with the helicopter turret.

Dominic drives his charger off of parking lot building, but appears to miss the helicopter and crashes. However, Jakande realizes that there are a belt of grenades hanging on the underbelly of the helicopter. He can't do nothing as Hobbs uses his gun to detonate the grenades and kills him. Hobbs and Brian pull Dominic from the ruined vehicle and Brian performs CPR on Dominic in hopes to resuscitate him. A tearful Letty demands he stops, and tries to get Dominic to come around by speaking to him. She reveals that she got her memory back and "remembered everything", including their marriage. Dominic regains consciousness and she asks why he never told her they were married. Dominic tells her, "You can't tell someone they love you".

In the aftermath, Shaw, having survived the collapse of the parking lot garage, is escorted to a maximum security CIA prison by Hobbs, who tells Deckard that he'll be

waiting for him on the other side should he eventually manage to escape as promised.

Elsewhere, Dominic and the rest of the crew, including Ramsey, are relaxing on a beach in the Dominican Republic. Brian appears to have finally become settled in his domestic life with Mia and role as a father to Jack. His friends watch the happy family together as Dominic prepares to leave. Ramsey asks if he intends on saying goodbye, but Dominic believes “it’s never goodbye” and departs from the rest of the group.

On the road, Brian manages to catch up with Dominic at a crossroads and inquires where he intended on going without “saying goodbye” to him. As Dom flashes back through the crew's past, he reminds Brian that they both live their lives "a quartermile at a time" and they will always be best friends, no matter how far away he is. The two drive together down the road until their roads split off in different directions. As the screen fades to white, a dedication to Paul Walker with a final title card that reads

"For Paul" appears.

(Data 1: Dialogue on 00:13:42 to 00:14:22)

Shaw is hacking Hobb's computer in the US Diplomatic Security Service. After that, Hobbs comes and talks to him.

Shaw: Agent Hobbs, right?

Hobbs: That's right. I'm also the last man on Earth whose computer you want to be hacking into. You just earned yourself a dance with the devil, boy. You're under arrest.

Shaw: I don't care about your computer. I'm here for the team that crippled my brother.

Hobbs: There ain't no goddamn team. It was just one man, and he's standing right in front of you.

Shaw: The lady was right. You're a terrible liar.

*Then, Shaw attacks Hobbs by kicking him and shatter a glass door.
Shaw tries to cripple Hobbs.*

(Data 2: Dialogue on 00:31:38 to 00:32:10)

Shaw: You never should have messed with a man's family.

*Dom: I told your brother the same thing. Reinforced your chassis.
It's like going into a ring with weighted gloves.*

*Shaw: Your mistake. I'm not here to play games. See, you and me,
we're from different worlds. Trust me, I've seen a lot meaner streets
than the ones you're used to.*

Dom: Stick around. It's gonna get a lot meaner.

*Shaw: (Pointing a gun towards Dom) You thought this was gonna
be a street fight?*

(Data 3: Dialogue on 00:01:25 to 00:02:23)

*In the hospital, Shaw is talking to his dying brother who is in
intensive care.*

*Shaw: when we were kids, you'd start fights with the toughest
bastard in the yard, but I was the one who had to step in and finish
them. You'd steal from the corner shop, but it was me who'd brave
the old man's belt. I'd hoped you'd outgrown it that playing the
gengsta made you harder, smarter, better. But deep down, I guess I
always knew you'd end up like this, despite everything I did teach
you. Still, you're my flesh and blood. So you remain my cross to bear.
Rest now little brother, while I settle you one last score.*

(Data 4: Dialogue on 00:18:38 to 00:18:49)

*Shaw called Dom by phone to give a clue that he has just sent a
terror.*

Dom: (answer the call) Yeah.

Shaw: Dominic Toretto. You don't know me, but you're about to.

*Then Dom looks at his phone and finds that the called was from
Tokyo, Japan. He immediately looks at the package in front of his
house and realize that it is from Japan. He shouts out to his family*

to get down because he knows that the package is a terror. Less than five seconds, the package explodes and destroy their house.

Data 5: (Dialogue on 00:22:34 to 00:23:10)

Dom visits Hobbs that has been injured by Shaw in the hospital.

Dom: He killed Han, and almost killed my family.

Hobbs: He also tried to put me in a body bag, too. Which is why when I get out, I'm gonna put a hurt on him so bad. He's gonna wish his mama had kept her legs closed. But until then, my official answer to you is stand down.

Dom: Now, you know I can't do that.

Hobbs: I do know you, Dom. Which is why now I give you the brother to brother answer. You do whatever it is you gotta do. When you find that sumbitch, just do me one favor.

Dom: What's that?

Hobbs: Don't miss.

(Data 6: Dialogue on 00:28:10 to 00:28:50)

Dom's team is in the Han's funeral.

Roman: I can't do no more funerals.

Tej: First Han. Now Hobbs is laid up, of all people.

(Dom realizes that they are being watched by Shaw from a distance)

Tej: we're being hunted. You know he's out there somewhere watching, right?

Brian: I also. Means he's close.

Roman: Just promise me, Brian, no more funerals.

Brian: Just one more. His.

After that, Dom drives his car and try to chase Shaw that has been watching them at the Han's funeral.

(Data 7: Dialogue on 00:18:40 to 00:18:45)

Shaw killed Han in Tokyo, Japan. He killed Han by crashing his car to Han's. It destroyed Han's car and made him die horribly. After killing Han, Shaw called Dom and gave a clue about a terror that he has sent to Dom's house.

(Data 8: Dialogue 00:21:32 to 00:22:24)

Dom visits Hobbs in the hospital to ask who was trying to kill him.

Dom: who did this?

Hobbs: You remember Owen Shaw? The one we tore half of London down trying to get. Well, this is his big bad brother. Take a look at this. (Hobbs gives Dom a document)

Dom: (read the document) Deckard Shaw. British Special Forces assassin.

Hobbs: The kind of unique asset that no government would ever admit to employing.

Dom: Black Ops boys.

Hobbs: Worse. They created a monster. They felt Shaw was a necessary evil until eventually they decided he was unnecessary. The powers that be felt that he knew just a little bit too much. The asset became a liability. So they sent in 20 elite operatives to retire him.

Dom: And they missed.

Hobbs: That was six years ago, and Shaw's been a ghost ever since.

Dom: Until now.

(Data 9: Dialogue 00:15:00 to 00:16:05)
