Pengamalan agama yang dimaksudkan sebagaimana di atas adalah kemampuan masyarakat menjalankan ajaran agama Islam dalam bentuk ibadah baik ibadah khusus seperti melaksanakan ibadah shalat berjamaah di masjid, puasa ramadhan sedangkan pengamalan ibadah umum adalah mengikuti pengajian, bersilaturrehmi dan kegiatan keagamaan lainnya.

Masalah penelitian ini adalah Bagaimana bentuk pemberian program Keluarga Harapan (PKH) di Desa Bangun Raya Kabupaten Simalungun. Bagaimanakah pengamalan agama Islam masyarakat di Desa Bangun Raya Kabupaten Simalungun. Apakah pemberian program Keluarga Harapan (PKH) berpengaruh terhadap peningkatan pengamalan agama Islam masyarakat di Desa Bangun Raya Kabupaten Simalungun.

Penelitian ini merupakan penelitian kualitatif dengan populasi sampel 60 orang melalui teknik pengumpulan data menggunakan angket dan analisis data menggunakan statistik.

Berdasarkan pembahasan maka dapat disimpulkan bahwa Bentuk pemberian program Keluarga Harapan (PKH) di Desa Bangun Raya Kabupaten Simalungun adalah berupa BLT (Bantuan Langsung Tunai), bentuk sembako dan bentuk kedua-dunya. Ketiga bentuk bantuan PKH ini diberikan sesuai dengan kebutuhannya. Pengamalan agama Islam masyarakat di Desa Bangun Raya Kabupaten Simalungun sebelum mendapatkan bantuan PKH cukup rendah baik dari segi ibadah shalat, puasa, mengikuti pengajian dan mengikuti kegiatan keagamaan lainnya. Namun setelah mendapat bantuan PKH terdapat peningkatan pengamalan agama. Pemberian program Keluarga Harapan (PKH) berpengaruh terhadap peningkatan pengamalan agama Islam masyarakat di Desa Bangun Raya Kabupaten Simalungun, hal ini terlihat dari perbandingan antara  $r$ -hitung dengan  $r$ -tabel dimana  $r$ -hitung  $>$  dari  $r$ -tabel atau  $0.80 > 0.26$  dan ini berada pada taraf signifikansi yang sangat tinggi.

*Islamic education study program*

The religious practice referred to as above is the community's ability to carry out Islamic teachings in the form of worship, both special worship such as carrying out congregational prayers at the mosque, fasting in Ramadan while the practice of public worship is attending recitations, gatherings and other religious activities.

The problem of this research is how is the form of giving the Family Hope program (PKH) in Bangun Raya Village, Simalungun Regency. How is the practice of the Islamic religion of the community in Bangun Raya Village, Simalungun Regency. Does the provision of the Family Hope program (PKH) have an effect on increasing the practice of Islam in the community in Bangun Raya Village, Simalungun Regency.

This research is a qualitative research with a sample population of 60 people through data collection techniques using questionnaires and data analysis using statistics.

Based on the discussion, it can be concluded that the form of providing the Family Hope program (PKH) in Bangun Raya Village, Simalungun Regency is in the form of BLT (Direct Cash Assistance), the form of groceries and the form of both. These three forms of PKH assistance are given according to their needs. Prior to receiving PKH assistance, the community's practice of Islam in Bangun Raya Village, Simalungun Regency was quite low both in terms of praying, fasting, attending recitations and participating in other religious activities. However, after receiving PKH assistance, there was an increase in religious practice. The provision of the Family Hope program (PKH) has had an effect on increasing the practice of the Islamic religion in the Bangun Raya Village, Simalungun Regency, this can be seen from the comparison between  $r$ -count and  $r$ -table where  $r$ -count  $>$  from  $r$ -table or  $0.80 > 0.26$  and this is at a very high level of significance.
