ACKNOWLEDGEMENT

Praise be to the presence of Almighty God who has bestowed His grace and guidance so that the writer was able to complete the preparation of the proposal entitled "Karo language variations in lexical perspectiveness spoken in Tanah Karo" on time.

In preparing this thesis, the author has tried his best with his existing abilities, but there are still many shortcomings in both grammar and writing techniques. For this reason, the author expects constructive criticism and suggestions to improve this thesis.

The preparation of this proposal was inseparable from the assistance and support provided from various parties so that the author could complete this thesis as well as possible. For this reason, the author would like to express his deepest gratitude to:

1. Chairman of Islamic University of North Sumatra Foundation
2. As the Islamic University of North Sumatra
3. Dean of the Faculty of Languages
4. English Department Postgraduate Program
5. Supervisor
6. Examining Lecturer
7. Specially and infinitely, the author would like to express her thanks to her beloved family who always prays and pours out their love, supports them in joy and sorrow.
8. All my comrades in arms

The author realizes that this thesis still has many shortcomings, therefore, the author really hopes for suggestions and constructive criticism for further improvements. Thus, I hope this thesis can be useful and add insight to the writer and readers in general.
