APPENDIX

A. Novel

In *Harry Potter and the Deathly Hallows*, the final installment of J.K. Rowling's beloved series, Harry Potter embarks on a perilous mission to destroy Lord Voldemort's Horcruxes—magical objects containing fragments of Voldemort's soul. With Ron Weasley and Hermione Granger by his side, Harry forsakes the safety of Hogwarts and ventures into hiding, constantly pursued by Death Eaters and the forces of the Dark Lord. The wizarding world falls into chaos as Voldemort seizes control of the Ministry of Magic, spreading fear and oppression. Muggle-born witches and wizards are targeted, while Voldemort consolidates his power. Meanwhile, Harry and his friends struggle with internal conflicts and emotional challenges as they search for Horcruxes, facing danger, betrayal, and moments of despair. Their quest leads them to significant revelations, including the legend of the Deathly Hallows—three powerful magical artifacts that could make Voldemort truly invincible.

The climactic battle takes place at Hogwarts, where allies of Harry unite to defend the school against Voldemort and his army. In the final confrontation, Harry sacrifices himself, believing he must die to destroy the piece of Voldemort's soul within him. However, he is saved and returns to face Voldemort one last time. With the destruction of the Horcruxes and Voldemort's wand defeated, Harry triumphs, bringing peace to the wizarding world. The novel concludes with a glimpse into the future, showing Harry, Ron, and Hermione as adults, sending their own children to Hogwarts. Their journey highlights themes of sacrifice, friendship, and the enduring power of love in overcoming darkness.

B. Writer

Joanne Rowling, better known by her pen name J.K. Rowling, was born on July 31, 1965, in Yate, Gloucestershire, England. Rowling grew up in a family that loved books and began writing stories at a young age. After completing her education at the University of Exeter, where she studied French and the Classics, Rowling worked in various jobs, including as a researcher and writer for Amnesty International.

The idea for Harry Potter came to Rowling during a train journey from Manchester to London in 1990. She began writing the first novel, Harry Potter and the Philosopher's Stone, which was published in 1997. The book became a global phenomenon, followed by six more books in the Harry Potter series, which together have sold over 500 million copies worldwide and have been translated into more than 80 languages.

Rowling's success is not limited to books; the series has been adapted into highly successful films, as well as various merchandise and games. In addition to the Harry Potter works, Rowling has written adult novels, including The Casual Vacancy and the Cormoran Strike detective series under the pseudonym Robert Galbraith.

Rowling is known for her involvement in various charitable activities, including the establishment of the Lumos organization, which focuses on the welfare of children. She is also an active writer on social media, often sharing her views on social and political issues.

J.K. Rowling has received numerous awards for her contributions to literature and remains one of the most influential authors of the 21st century.
