Special thanks go to my parents **Abd. I express my heartfelt gratitude to **my comrades-in-arms** in this master's program who have been my pillars of strength.

To my **friends** that I cannot mentioned one by one, thankyou for the discussion, the laughter, and the solidarity that helped me through the more challenging moments of this journey.

Last but not least, I want to thank **myself Malisa Surayya Ms.**, for believing in me for doing all this hard work, for never quitting, for having no days off, and for just being me at all times. Completing a master's thesis is no small feat, and I am proud of the resilience I have shown through moments of doubt, fatigue, and uncertainty. Thank you for being the most loyal friend to yourself, present in silence, in tiredness, in silence full of questions, for choosing to continue, even though you often don't know for sure where this direction will take you. Thank you for trusting the process, even though the results are not as expected. Even though you have to face failure, confusion, even feelings of wanting to give up. Thank you for remaining honest with fear, but not letting fear limit your steps, because courage is not the absence of fear, but the desire to keep moving even though fear is still attached tightly, and most importantly, thank you for daring to choose, choosing to try, choosing to learn, and choosing to finish what you have started. Like the motto that I always remember

“opo wae tak tabrak yang menjadi penghalang”.
